**Accompaniments to Government Resolution No. 591, dated the
29th January 1909.**

"Note to Rules 20 and 21.—The intention of these rules is (a) that the case of class (1) life-convicts should be submitted for the special orders of the local Government in each case as to whether release should be granted and, if so, on what conditions, (b) that class (2) convicts and term-convicts of class (1) should be released without the special orders of the local Government in each case, but subject to such general orders as to release and such general conditions as to police surveillance during the period of sentence remitted, as the local Government may prescribe; (c) class (3) prisoners should be released unconditionally on expiry of their sentence, less the period of remission earned."

No. 3024, dated the 28th September 1908.

From—F. E. Taylor, Esq., I.C.S., Secretary to the Government of the United Provinces, Judicial (Criminal) Department;

To—The Secretary to the Government of India, Home Department.

With reference to Home Department Resolution No. 161—172, dated the 25th June 1908, prescribing amended rules for regulating the shortening of sentences by the grant of remissions, I am directed to say that there would appear to be a discrepancy between Rules 20 and 21 and the note to Rule 20 of Appendix I. Under Rule 20 the cases only of life-convicts of class 1 are to be reported to the local Government, and Rule 21 authorises the Superintendent of the Jail to release without reference to Government all other prisoners. The note to Rule 20, however, directs that the remissions earned by all convicts of both classes 1 and 2 are to be passed under police surveillance prescribed by the local Government. I am accordingly to ask whether it is intended that prisoners of class 2 and term prisoners of class 1 should be released without the orders of the local Government.

2. I am also to enquire whether the note to Rule 3 is not intended to apply to Rule 4 (1).

Judgments recorded by the High ~~ex~~ Court in Criminal ^{appeal} No. 211 of 1909 (with appeal No. 317 of 1909); Application for revision No. 267 of 1909 and Reference No. 56 of 1909) --- in the case of Emperor Vs. Anantsing bin Parashramsing --- No. 1 and two others.

Coram:- The Hon'ble Mr. Justice Chandavarkar and the --- Hon'ble Mr. Justice Heaton.

30th September 1909.

Per Chandavarkar J: - In Appeal No. 211 of 1909 we accept the conclusion at which the learned Sessions Judge has ---- arrived so far as the conviction is concerned, namely, ---- that the act of the Appellant Anantsing bin Parashramsing was murder, under Section 302 of the Indian Penal Code. At the same time I cannot see my way to accepting the theory of the learned Judge that the deceased and his party had come to Alipur without any invitation by the accused and that ---- the accused fired on them in a state of ~~panic~~ blind panic. There is no good reason for rejecting the evidence of the -- witnesses for the prosecution who depose that the deceased and his party had been lured to Alipur by the Appellant. The Judge does not comment unfavourably upon the demeanour of ~~the~~ ---- any of those witnesses. All he says is that he has reasonable doubt as to whether the story of these witnesses is true. But the story could not have been an after thought, because it was told soon after the murders and the Panchnama contains all allusion to it. The Panchnama mentions Abdulla as the -- person who had brought the message to the deceased Sub-Inspector from the accused No. 1 that the theft had been --- detected and that therefore the Sub-Inspector ought to come. It is urged that most of the witnesses are interested because they are from the Savanur Police. But there is the evidence of the boy ~~M~~ Fakira Adivappa a Walikar of Alipur (Ex. 6). He at least is a disinterested witness.

Upon the whole I think that weight should be attached to the

the evidence of the witnesses for the prosecution. In my --- opinion the murder was a deliberate act. The Appellant must be held to have lured the Sub-Inspector and his party to the Alipur post and when they were there he fired on them deliberately for the purpose of revenging himself for the search which had been conducted by the Sub-Inspector in the house of accused No.3 in connection with a case of theft 5 days ---- previous to the murders. The sentence of transportation for -- life in the case of ^{the} Appellant Anantsing bin Parashramsing should be enhanced to that of death.

In the case of accused Nos. 2 & 3, both the Judge and the Assessors have taken the view that they are not guilty, and I do not think ^{that} there are sufficient grounds which would ---- justify our interfering with that order. Therefore the Appeal No. 317 of 1909, in regard to them, made by Government, should be dismissed and the order of acquittal and discharge ---- confirmed.

Per Heaton J :- I am of the same opinion that this is a --- very remarkable case and it is better that I should state my reasons in my own way. Substantially the defence amounts to this : that ^a ~~the~~ great part of the story told by the witnesses for the prosecution is false and concocted. There are two --- points about this story which are specially attacked. The first being that accused No.1 had sent a message to the ~~Sub~~ ----- Sub-Inspector of Savanur, which induced him to go to the -- Alipur Police post, on the night of the 20th February; and the second that when this Sub-Inspector and his companions reached the Police post, they were met by accused No.1, that he ---- conversed with them, and that he knew perfectly well who they were. Now we find both these incidents clearly and distinctly mentioned in the Panchnama that was made on the same day on which the murder was committed. Therefore if these two ---- incidents are false and concocted, they had been conceived

perfectly

perfectly clearly and definitely at that very early stage of the case. This is in itself difficult to believe, having --- regard to the terrible nature of the crime and the state of confusion and horror which would necessarily follow on it. --- Moreover if these incidents were false and concocted, it --- would be almost certain that indications of it would be ---- brought out in the cross-examination who deposed to them. --- It has not been contended in this court that a scrutiny^{of the evidence} of these witnesses gives any intrinsic indications that these ----- incidents are false and concocted. And I certainly cannot --- believe that they are.

There is one circumstance which to my mind is a very --- strong corroboration of the substantial truth of these two incidents. That is the matter of the blanket on the Katta. Now the Patil has told ~~us~~ us that when he went to the Police ~~Post~~ post in the morning shortly after the murder was committed he found this blanket on the Katta. The accused admits that it was his blanket. I believe the Patil when he says that when he went with some men on the morning of the 21st February to the Alipuri post he found a blanket on the Katta of the --- lamp post. How did it come there? Its presence there is a very strong confirmation of the story which the accused in his --- defence has endeavoured to show to be false and concocted. -

These two incidents being substantially true and there being no doubt whatever for it has been admitted from the --- beginning that it was accused No.1 who fired the shots and killed those 3 men, we have a case of extraordinary and --- brutal murder. No doubt it is very difficult to account for it. There we are left to pure speculation. But the murder was committed and was deliberately committed. I cannot think that any sentence but the sentence of death could be suitable in ~~this~~ this case and accused No.1 should be so sentenced.

As regards the other two accused it is urged that the --- proof against them is that they were present at the time, --- were with accused No.1, were likely to help, that one of them,

accused

accused No.3, seized one of the Police sepoy and that -----
the other accused No.2, shouted that the sepoy who apparently
~~he~~ thought had seized his sister should be beaten. But for
all this a reasonable man may doubt whether they had knowledge
beforehand of an intention on the part of accused No.1 to --
commit the murder or whether they took any part by way of
assisting him in the commission of the murder especially is
this so as immediately after the murders accused No.2 and 3
separated from accused No.1. The facts are such that a Judge
without taking any unreasonable view of the case might give
the accused these benefit of the doubt. That being so, it
seems to me that it certainly would not be in accordance with
our practice or with the administration of criminal justice
that we ^{should} reverse the decision of acquittal. Therefore I concur
that their acquittal should be confirmed.

Sir

I have the honor to inform you that the Sub Inspector of Sawaypur records in his diary dated the 17th Instant as follows.

"On the 17th Instant at about 3 PM the Sub Insp. got info to the effect that a sound, like gunfire was produced by an explosion in the Kanarasi school & thereby a pupil named Nagya bin Ramandu Upkar was much injured. The S. I. immediately went to the spot & found the said boy lying senseless; his fingers had been cut; several wounds were seen on his body, blood oozing from all of them. A search was made & when searched,

a Cartridge of about $1\frac{1}{2}$ inches long made of copper & containing dynamite was found in his Coat pocket. The boy was then sent to the Hospital for treatment. In the room where the boy lay, were seen pieces of ^{the} blown up Cartridge & the pieces of cut fingers. The boy's father was sent for & was asked to produce any more cartridges with him; he brought from out of a box three such cartridges which were attached. The Sub Insp then went to the Hospital & when questioned, the boy stated ^{before Panchayat} that his brother aged 9 found, lying ~~near~~ by a Laxmanid tree situated near the Laxmeshwar Gate, six such cartridges folded in paper which he brought & gave to his father who kept them in a box; that he took out two of them & put them in his pocket & came to the school; that by means of a needle he began to take out the white powder in the Cartridge which suddenly exploded & the result was his injuries inflicted on his body. A Panch name was drawn up & the information was sent to the Dwan."

The accompaniments are returned with compliments.

2. The case has been investigated by a Criminal Investigation Department sub-Inspector who saw the Political Agent today after spending 4 days in Savanur and visiting the Gold mines.

3. It seems highly probable that these detonators were --- abandoned or dropped by a gang of coolies, who left the mines when work stopped and travelled on foot to Mysore through --- Savanur. One such gang is known to have passed through. These detonators cost Rs 5/ a hundred and are an inch and a quarter long and $\frac{1}{4}$ inch in diameter. The said Sub-Inspector thinks that the father of the lad probably did ^{not} know what the ----- detonators were. An exactly similar accident occurred in --- Bengal. The serious injuries caused to the son will be quite sufficient punishment to the father in all probability.

2) The extradition Act is not applicable to
the Govt. State. Nor do there appear to be any treaty

3) Two persons who had escaped into Govt. State
being acc. of offences under Sec 380 & 420 I.P.C., committed
in the Mysore State, were arrested by the Mysore Police

From the correspondence ending with his No. 113 dated 14th Feb, 1911, it appears that the accused Budangquda and Bhangareppa were arrested and handed over to the custody of the Divan on or about 27-1-1911 by the Mysore Police, and that no steps were taken by the Divan to report the matter to the undersigned upto 14th February 1911, i.e., more than 16 days, but on the contrary the Divan has written to the Sub Inspector of Police Savanur a vernacular Yadi No. 6 dated 8th February 1911 asking the sub Inspector to arrange to get early warrants of surrender. This is not the correct procedure. It is, --- therefore, pointed out ~~that~~ to the Divan for his future --- guidance that, in such cases, the Divan should submit a --- detailed report to the Political Agent as soon as the accused is handed over to his custody, and thereby to avoid the --- unnecessary detention of the accused in custody.
